### PIEMONTE

#### BAROLO

Barolo is a traditional hillside village in the rolling hills of Piemonte, northwestern Italy. To earn the name Barolo, the wines must undergo at least 38 months' aging prior to commercial release, of which 18 must be spent in barrel. As the tannins soften over time, the complexity shows through with hints of earth, truffles and dark chocolate.

## ORNELLAIA

When Lodovico Antinori founded his estate in 1981 in Bolgheri, he was confident that he was going to make quality Bordeaux-styled wines. This scion of the famed Tuscan winemaking family can hardly have realized, however, that he was on the path to creating two of Italy's most celebrated labels: Ornellaia and Masseto.

While Ornellaia is the maximum expression of Bolgheri and its Bordeaux blends, Masseto represents the ultimate expression of a single vineyard planted with a single variety.

## TENUTA SAN GUIDO

Tenuta San Guido is the historic Bolgheri estate that revolutionized modern Italian winemaking with the creation of Sassicaia. First produced in the 1940s as a private wine by Marchese Mario Incisa della Rocchetta, Sassicaia was originally made solely for family consumption, inspired by the great wines of Bordeaux. The name “Sassicaia” refers to the estate’s stony soils, reminiscent of those found in Graves. In 1978, a landmark tasting in London brought Sassicaia international acclaim, paving the way for the rise of the “Super Tuscans.” Today, it stands as a symbol of elegance, longevity, and strong territorial identity in Italian wine.
